To All Members representatives in the EUROfusion General Assembly

Re: Nomination of participants for the 23rd European Fusion Programme Workshop

Dear Colleagues

The 23rd European Fusion Programme Workshop (EFPW23) will take place from **30 November to 2 December 2015 in Bled, Slovenia**. The title of the workshop is "**Structural, plasma facing and functional materials – the path to DEMO and Fusion Power Plants**".

The STAC has agreed on the following session topics and proposed Session Chairs:

- | | |
|---|--------------------------------|
| ♦ Plasma, diagnostics and H&CD requirements for functional materials, and state of art of FMs and issue | Vila (CIEMAT) |
| ♦ Structural – advanced steels, semi-empirical developments and thermo dynamical modelling and experiments | Henry (CEA) |
| ♦ Cryogenic structural materials | Weiss (KIT) |
| ♦ Divertor Plasma Facing Component Design: Engineering design rules (EDDI). Materials properties (HHFM) and applications for DEMO and FPP | Novak (Jozef Stefan Institute) |
| ♦ Materials irradiation and Post Irradiation Experiments techniques and interpretation multi scale modelling | Hardie (CCFE) |

A detailed programme will be made available at a later date.

Participants should plan to arrive during the afternoon/evening of Sunday, 30 November 2015. The workshop is scheduled to finish around lunchtime on 2 December 2015. Most participants would therefore be able to depart that day.

The next step in preparing the meeting is to establish the list of speakers and participants. As in previous years, the number of participants (including speakers, chairs, etc) should be limited to about 90 people. This corresponds to the following approximate figures for the nomination of participants:

Major Laboratories	6 – 7
Average size laboratories	4 – 5
Smaller laboratories and others	1 – 3
PMU	6 – 7
F4E	1 – 2

Please bear in mind that: (1) the session chairs, (2) the speakers (the list is still under discussion), and (3) participants representing collective activities (JET, European Task Forces etc), **must** be nominated, unless they are a member of a PMU or F4E, in which case they should be nominated by the Programme Manager or F4E Director.

Please send the list of participants from your Laboratory to the Senior Advisor Duarte Borba (Duarte.Borba@euro-fusion.org), with a copy to Doreen Fuller (Doreen.Fuller@euro-fusion.org) by 16 October 2015 at the latest.

Further details will be available on the website of the workshop:

www.sfa-fusion.si/efpw-2015/

Nominated participants should register on this webpage by 5 November 2015 at the latest. Please check the website for details about the conference fees, accommodation and transportation.

Yours Sincerely

Tony Donn 
